### Financial Responsibility

The privilege of insurance assignment begins when our office has qualified your insurance coverage. For your convenience, Optimal Health Chiropractic will bill your insurance company directly and accept assignment. Your insurance is not a guarantee of payment for services rendered in this office. It is your responsibility to pay any remaining balance with our office and seek reimbursement from your insurance company. Your fees are due and payable at the time of examination, x-rays, and treatments are received, unless other arrangements have been made in advance. X-rays remain property of this clinic.

- All co-payments and deductibles must be paid when services are rendered.
- There will be a fee of \$30 for all returned checks. Balances over 30 days may be subject to additional collection fees.
- All accounts not paid within 90 days will receive financial notification and be turned over to a collection agency for further action.

#### A special note for our Medicare patients:

Medicare will ONLY cover and reimburse for manipulation of the spine. You are required to pay the deductible and the remaining fees for services Medicare does not reimburse. These non-covered services include, but are not limited to, x-rays, examinations, therapies, orthotics, supports and/or nutritional supplements. Medicare patients are fully responsible for charges of non-covered services. Secondary insurance may or may not pay for these non-covered services. Our office completes and files the forms for Medicare at no charge.
